RECENT PROJECTS

Trivia Time (view live)

React, JavaScript, CSS3, HTML, API

A beautiful trivia quiz implements team-based development using GitHub organization

Harry Potter Adventures

JQuery, Firebase, SCSS, CSS3, HTML, API

Adventure game generates different scenarios using API call. Implemented paired programming on GitHub.

EMPLOYMENT HISTORY

Mechanical Designer

DEI Consulting Engineers, Waterloo, ON. June 2018 - April 2020

• Worked closely with Architect, Electrical department, and General Contractors to meet project deadlines for construction projects in a fast-paced environment.
• Designed building and mechanical systems with attention to detail and user accessibility requirements.

Quality Technologist

Brunswick Steel, Winnipeg, MB. April 2017 - April 2018

• Successfully implemented strict requirements for the Canadian Armed Forces project to track product quality of over 200 parts by managing the Cost of Quality and Non-conformances.
• Facilitated product design upgrades and tolerance review procedures to meet ISO 9001:2015 standard.

COMMUNITY INVOLVEMENT

• Organize and coordinate blood donation events twice a year for better participation among youth.
• Manage and participate in the Volleyball tournament every year in winter to encourage an active lifestyle.
• Mentor students at Canada Learning Code.
